Checks should be made payable to the City of St. Louis. The check along with the original application and required diagrams, plans, certifications, etc. should be mailed or delivered to:

**Division of Air Pollution Control
Stage II Coordinator
1415 N. 13th Street
St. Louis, MO 63106**

This Division will be the lead agency for all permits issued within the City of St. Louis. The St. Louis Regional Office of the Department of Natural Resources - Stage II Unit, will assist us in assuring compliance with State Rule 10CSR10-5.220. All permits issued through this Division will be Delivered or mailed to the facility owner. Copies of permits will be made available to contractors upon request.

Attach the following with your Construction Permit Application:

1. A complete site specific diagram and a thorough description of the planned construction.
2. Plumbing diagrams including vapor lines, vent lines, slope of return vapor lines, diameters of all lines, etc...
3. A list of all equipment being installed and current California Air Resources Board (CARB) Executive Order numbers for the proposed system and/or the modified system components.
4. Proof of underground storage tank registration and any other Missouri State permits that may apply.
5. Name of the contractor performing the work.

Attach- the following with your Operating Permit Application:

1. Plumbing diagrams including product lines, vapor lines, vent lines, slope of return vapor lines, diameters of all lines, etc...
2. Proof of underground storage tank registration and any other Missouri State permits that may apply.
